

Philosophy Study Group

We attempt to answer fundamental questions about the universe and our place in it, using scholarly material as well as forming our own views.

All members prepare for the thought provoking monthly discussions and also assist in one or two presentations, meeting in small groups beforehand.

In 26/27 we plan to focus on Eastern Philosophies, Artificial Intelligence, Totalitarianism, Identity and Conflict, amongst other areas.

**Second Monday of the month
Oct - July
10am - 12pm
Howard Court Barn**
